

27th International Conference on Biomechanics in Sport

Speaker Ready Room Schedule

You are requested to load your presentation onto one of the ISBS laptops prior to the session that you are presenting at. The laptops will be on a rotating cycle all week and as such we ask you to schedule your upload according to the following timetable. The speaker ready room will be clearly signposted and is located within the exhibition hall.

The schedule below refers to the two pieces of information; the time you can upload your presentation and the laptop you need to upload it to. For example, if you are presenting at session S09 you need to visit the speaker ready room between 1330 and 1800 on Tuesday and upload your presentation to laptop W.

Please note – for those presenting during sessions S01, S02, S03 & S04 your speaker ready availability is on Monday 17th.

As already circulated delegates will not be able to present from personal laptops and your presentation must be able to run on the PC version of PowerPoint 2003 (with the Office 2007 compatibility pack installed); we cannot guarantee compatibility with any other file types including Apple Mac.

We still advise all presenters to be available in the required room at least 15 minutes prior to the start of the session and to check the presentation a final time.

There will be ISBS 2009 representatives available to assist if required.
